THURSDAY, DEC. 7, 1899.

MIKE SMITH

Will Come To Marietta and Give Up Today.

Mike Smith, against whom an indictment for manslaughter was returned by the last grand jury in this county, and who is now in Parkersburg, notified the authorities here yesterday through his counsel, T. F. Barrett, that he was coming to Marietta to surrender as soon as the arrangements were completed to enable him to furnish bond.

Smith does not want to lie in jail and as soon as he gives up will have a hearing before Probate Judge Rood and will probably plead not guilty and be admitted to bail.

Inquiry at the court house yesterday revealed the fact that the indictment returned had been for manslaughter.

Attorney Barrett hopes to have the papers in shape today and he and Smith are expected some time during the day.

In Columbus.

A delegation of Marietta politicians, consisting of Hon. A. D. Follett, Mayor Charles Richardson, M. J. Davis, proprietor of the Bellevue Hotel; J. M. Shawan, B. E. Guyton, United States Commissioner, and R. A. Underwood, were in the city yesterday. Mr. Shawan is the Eugene Field of the Ohio valley, and some of his poetry has taken high rank. He never wrote anything about "The Three Little Boys in Blue," or "The Journey to the Land of Nod," but some of the best magazines of the country have given space to his thoughts. The most of the Marietta delegation were here to appear against an inoffensive colored brother, who, against the peace and dignity of the state, had disposed of sundry and divers bottles of whiskey to the thirty souls of Washington county without having gone through the very necessary act of circumlocution of procuring a license from Uncle Sam.—Ohio State Journal.

Seigfred Skipped.

A lively scrimmage occurred yesterday in the baggage room at the Union Depot between the baggage man, James Dyer, and C. A. Seigfred, who hails from Parkersburg. Seigfred got mad because Dyer refused to check a heavy wrench which he had with him. He called Dyer names and expressed his opinion of the B. & O. S. W. officials and employees in plain terms, ending with an attempt to strike Dyer with the wrench. Dyer grabbed him in time to save himself and they were soon parted by the crowd. Dyer started on the hunt of a policeman and Seigfred skipped out, leaving his grip and wrench at Westernman & Dettlor's. When last seen he was running down the river toward Parkersburg.

Case Dismissed.

The case of the State against George Ackerson was tried in Squire Kidd's court Wednesday afternoon. Ackerson was arrested by Constable Bennett Tuesday afternoon on a peace warrant sworn out by Adam Wagner. Both parties reside in Fearing township.

The State failed to make a case and the case was dismissed at complainant's cost.

Changed Garments.

Two Arabians enroute to this city to work for a well known fruit dealer, created considerable amusement for crew and passengers on the B. & O. S. W. train from Parkersburg last evening. They wished to appear well in the eyes of their friends upon their arrival here and made a change of clothing while on the cars.

Johnson Taken To Clarksburg.

Howard Johnson, who was arrested by Marshal Dye Monday evening on information furnished by the authorities at Clarksburg, W. Va., was taken there by an officer from Clarksburg Wednesday. He went without the requisition papers being obtained.

Bought the Home Farm.

Jacob Milbaugh, who for fifteen years has been a conductor on the B. & O. S. W. home being at Newark, O., has purchased the old home place, the Milbaugh farm, three miles north of the city. He will quit the road and move to the farm.

In Squire Ahlborn's Court.

The case of the State against Thomas Broom will be heard in Squire Ahlborn's court this morning at 9 o'clock. Broom is charged with assault and menacing threats. Robert Mahoney, of Yankeeburg, is the complainant.

Marietta Transfer Company Moving.

The livery department of the Marietta Transfer Co. was moved into quarters in the new building yesterday. The offices will be moved today and the other departments as soon as the rest of the building is completed.

Break in Line Causes Much Damage.

Morgantown, W. Va., Dec. 9.—One of the six-inch pipes of the Standard Oil Company's line leading east from Morgantown burst in the edge of the mountains, near David Fowler's place in the edge of West Virginia, about noon on Friday, Dec. 1. The oil did not cease flowing until Saturday morning, wasting many thousand barrels of oil and damaging much property. The opening was about six feet long, from which the oil escaped, and the force of the pump was so great that the oil was forced higher into the air than the tops of the adjacent trees and could be seen for some distance, appearing like the smoke of some great fire. After the oil had reached Ruble's run late in the evening some thoughtless person set fire to it, but fortunately the fire did not spread very far toward the source from which the oil came. The fire was so great that the light could be seen for many miles flashing against the sky. A great deal of excitement was caused amongst the people of the neighborhood.

The company has destroyed all the remaining oil so that no more damage can be caused by fire. The damage done to property through which the oil flowed was great.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for our circulars; free.

"Go: You Are Free!"
If you were in prison and a good spirit suddenly opened the door and said "Go: You are free!" you wouldn't stop to ask whether the key that opened the door was the regulation pattern or not. If it opened the door, that is enough. Thousands of women who are sick and suffering might speedily be made strong and well again if it was not for an unreasonable prejudice against any but so-called "regulation" methods.

"Three years ago I was almost gone with womb trouble," says Mrs. Jennie J. Jackson, of Parkersburg, West Virginia. "I wrote a letter to Dr. R. V. Pierce, of Buffalo, N. Y. I tried many different medicines and got no better until I tried Dr. Pierce's medicine. The first bottle gave me ease. I have taken six bottles and I feel as well as ever in my life. My doctor did not have any faith in 'patent medicines' but he says 'something has done you good.' I know it if I had not taken Dr. Pierce's medicine I could not have lived long as I was nothing but a skeleton. I was so thin in flesh that it hurt me to lie down. Now I am well, and can work hard all day and do as much walking as I like to lie and sleep well all night. I can never be thankful enough for the good Dr. Pierce's medicine did me."

Dr. Pierce is a regular graduated and educated physician. He has had a more practical life-long experience with all forms of women's diseases than any other doctor in this country. His "Favorite Prescription" for female complaints is the most marvelously effective remedy for this purpose in the world.

Suffering women need not hesitate to write to him. All letters are held sacredly confidential and free advice will be sent by mail in plain sealed envelope.

Constipation is a little illness that if neglected builds a big one. Dr. Pierce's Pleasant Pellets cure constipation.
